How day treatment works

Kairali — The Ayurvedic Healing Village is an NABH-accredited Ayurvedic hospital at Kodumbu, Palakkad. Patients who live nearby, or who are staying elsewhere, may attend for single treatments by the day rather than being admitted to a residential programme.

Every course of day treatment begins with an **outpatient consultation**. An Ayurvedic physician (BAMS, India) examines the patient and writes a treatment plan; the treatments on the following pages are then given by trained therapists as that plan prescribes. Treatments are not booked directly from the list without a consultation.

The durations shown are the published treatment times.

TERMS YOU WILL MEET

Dhara

A continuous pour of warm medicated liquid — oil, buttermilk or milk — over the body or forehead.

Kizhi

A warm cloth bolus of herbs, rice, lemon or sand, pressed over the body.

Vasthi

Warm medicated oil held in a dough dam over a joint or the spine; also medicated enema.

Netra

The eye — Netra Dhara and Netra Tarpanam are eye treatments.

PULSE EXAMINATION (NADI PARIKSHA) AT THE OUTPATIENT CONSULTATION

GST AND THE TREATMENT PLAN

Under Government of India GST regulations, Ayurvedic treatment services administered by an NABH-accredited hospital as part of a plan prescribed by an Ayurvedic physician registered in India are exempt from GST. The rates in this list are therefore GST-exempt when taken as part of such a plan. Treatments taken without a consultation or prescribed plan may attract GST at the prevailing rate, currently 18%.

BEFORE YOU COME

Bring recent medical reports and a list of current medication for the consultation.

GST ON CLASSES

These are standalone outpatient class rates. Taken as part of an inpatient treatment plan prescribed by an Ayurvedic physician registered in India under NABH-accredited care, they are GST-exempt. Otherwise GST at 18% may apply to selected offerings such as cultural and lifestyle demonstrations.

MALAYALAM NAMES

Each class is listed with its Malayalam name as it appears on the hospital's own schedule, so that patients and local staff refer to the same session.

Attending for day treatment

CONSULTATION FIRST

- An outpatient consultation (item 40) precedes any treatment on this list
- The physician's plan sets the treatments, their order and their number of sittings
- Internal medicines prescribed at consultation are dispensed from the hospital pharmacy and charged separately

RATES AND TAXES

- Rates are in Indian Rupees and effective from 1 October 2025; they may change under government policy
- Treatments under a prescribed plan are GST-exempt; treatments without a plan may attract GST at 18%

ON THE DAY

- No smoking, coffee, alcohol or substance use anywhere on the property
- Hospital guidelines apply to all patients and visitors
